

1/2" Drive Air Impact Wrench

I also have a great price on a brand new 1/2" drive air impact wrench that's gonna get you 700 foot pounds of torque. The unit is made by Stark Industries and comes with an aluminum composite body so its lightweight and durable. It also has a twin motor design so it will give you 100% power in forward and reverse and has a torque adjuster on the side of the unit so you can use the power that need without breaking anything. Similar units with that much torque will normally run \$350 an impact wrench but anyone who works with me on a small contractors pack, i'll pay all the freight and tax to get them to you on a 30 day account for just 219.90 a unit. That's a great price right!

Contractors pack includes 4 impact guns

Specifications

Max Torque 700 Ft/Lbs

Pressure Air 90 PSI

Air Inlet 10.2 CFM 3/8"

Weight 4.5 lbs
