

## Cable Ties

I also have a great price on all of my black nylon cable ties. Now, the ones I carry are american made by ACT. They are black in color which makes them uv rated so they can be used outdoors. They are a true nylon zip tie not the cheap plastic so they carry a full 50 LB tensile strength and can be used from temperatures of -54 to 182 degrees. We carry them in 4", 6", 7 1/2" 11", 14" and the big 24". Which size do you use? ( Refer to chart below for quantities and pricing.)
